

# Billy Talent, Tears into wine

Wont you stop, take a breath  
Find a moment to reflect  
On the pure and simple choices that we fail to see  
From the worst to the best  
From the east coast to the west  
On a never-ending quest to end our misery  
So cut to the chase, its time to escape, before its too late  
Yeah pick up the pace, catch up with fate, its slipping away  
So get off my road, no I wont be told, cause I got my own  
(definition of destiny)  
Yeah take back control, and dont let it go, the futures unknown  
(definition of destiny)  
(definition of destiny)  
Punch the clock to a own  
While our lives are put on hold  
When did all our childhood dreams begin to disappear?  
Well a long time ago  
We had passion, we had goals  
Why is life so set in stone it doesnt have to be?  
So cut to the chase, its time to escape, before its too late  
Yeah pick up the pace, catch up with fate, its slipping away  
So get off my road, no I wont be told, cause I got my own  
(definition of destiny)  
Yeah take back control, and dont let it go, the futures unknown  
(definition of destiny)  
So get off my road, no I wont be told, cause I got my own  
(definition of destiny)  
Yeah take back control, and dont let it go, the futures unknown  
Along the way, we lost our way  
So will you change? Were still the same  
So in between, reality  
And fantasy is destiny  
So cut to the chase, its time to escape, before its too late  
Yeah pick up the pace, catch up with fate, its slipping away  
So get off my road, no I wont be told, cause I got my own  
(definition of destiny)  
Yeah take back control, and dont let it go, the futures unknown  
(definition of destiny)  
Yeah take back control, and dont let it go, the futures unknown  
(definition of destiny)  
Cause I got my own, Yeah I got my own, Yeah I got my own  
(definition of destiny)  
(definition of destiny)  
(definition of destiny)  
(definition of destiny)
