

Billy Walker, Alone With You

(How I'd love to be alone with you)
How I'd love to be around you when the lonely nights surround you
How I'd love to be alone with you
What I'd give to have the power to be with you one hour
How I'd love to be alone with you
Just to be with you one night you and me alone
This would be a joy unending could be a real beginning
How I'd love to be alone with you
[guitar]
If I only knew for certain I'd cut out all my flirtin'
How I'd love to be alone with you
Won't you try to be my baby just for once and then well maybe
I could always be alone with you
Just to be with you one night...
How I'd love to be alone with you how I'd love to be alone with you
