## Billy Walker, I Call It Heaven

[ duet with Ray Price ]
They call me a fool and say it won't last
That you'll break my heart like the ones in your past

They're calling you wild you'll never be true but I call it heaven just being with you Perhaps I should listen perhaps I'm not smart

But I take my chances and fallow my heart

They call this a game you'll leave me some day but I call it heaven don't take it away [steel]

Perhaps I should listen...
