

# Billy Walker, Next Voice You Hear

The next voice you hear will be your conscience  
As you lie awake and try so hard to sleep  
And your unfaithful heart will have to listen  
To those shabby little secrets you keep  
You'll be tormented like you tormented me  
And tears of shame will fall with every memory  
Oh the next voice you hear will have to listen  
And you'll wish that you had listened to me

Your conscience is making a record of everything you do and say  
And when your conscience plays that record back to you  
You won't like the things you hear it say  
You'll be tormented...
