

Billy Walker, One Heart's Beatin' One Heart's Cheatin'

One heart is beatin' the other one's cheatin' that's the way it always seems to be
In one heart there's romance the other there is no chance
Two hearts can't be in love and disagree
I gave my heart while you played around
My love you desired till another heart you've found
Now one heart' is beatin' the other one's cheatin'
You can't have a cheatin' heart and win
[steel - fiddle]
One heart is beatin'...
