

# Bimbo Jones, See You Later (feat. Ida Corr)

Getting everything ready gonna give it tonight  
Making sure that what you want is what you're getting  
I'll be a fantasy girl, even turn out the lights  
Have you feeling so high you'll think you're dreaming  
Are you ready for me baby...  
We could play to take you with me to...  
Fantasy girl, even turn out the light  
Feeling so high,  
I think I'm dreaming, dreaming, dreaming

Uh, I got my lingerie, your favorite...  
..is the place to be to get our mojo on  
I see you later, uh, uh, I see you later, boy  
I see you later, uh, uh, I see you later, boy  
I got my lips moisturized ready to go..  
I'll pick you up ..with the stilettos on  
I see you later, uh, uh, I see you later, boy  
I see you later, uh, uh, I see you later  
Na, na, na, na

Getting everything ready gonna give it tonight
