

# Bingo Players, Knock You Out

My fight is won  
Who needs a gun  
Boom, boom knock you out  
You knocked me down  
But who's laughing now  
Boom, boom knock you out  
My fight is won  
Who needs a gun  
Boom, boom knock you out  
You knocked me down  
But who's laughing now  
Boom, boom knock you out

You pick on the weak  
Your twisted tongue speaks  
All the fears you hide  
The fear inside  
You think I don't see  
You're not talking to me  
I'm the mirror, of the night  
The fear inside

But I get stronger everyday  
One wrong will be all it takes  
My power's fed by your head  
One wrong will be all it takes

My fight is won  
Who needs a gun  
Boom, boom knock you out  
You knocked me down  
But who's laughing now  
Boom, boom knock you out  
My fight is won  
Who needs a gun  
Boom, boom knock you out  
You knocked me down  
But who's laughing now  
Boom, boom knock you out

Boom boom knock you out

And the bully's best friend  
Is the poison pen  
But you cant touch me  
While you sit at home  
Plan attacks all alone  
You try to phase me

But I get stronger everyday  
One wrong will be all it takes  
My power's fed by your head  
One wrong will be all it takes

My fight is won  
Who needs a gun  
Boom boom knock you out  
You knocked me down  
But who's laughing now  
Boom boom knock you out

Boom boom knock you out

Boom boom knock you out
