

Binocular, Maybe You're Gone

Thought you were an angel
Shining in the clouds
Thought you were so faithful
Now I have my doubts

Maybe you're gone
You're gone
To sleep
Maybe you're gone
You're gone
For keeps

Thought you were my best friend
At least I tried to make it true
But though I hate to be alone
I was the loneliest with you

Maybe you're love
Is gone
To sleep
Maybe my love
Is gone
To deep

I'll never know
So never mind
You're out of sight
Well at least you're out of mind

Maybe our love
Is gone
To sleep
Maybe our love
Is gone
For keeps
