

Birdbrain, Youth Of America

Say a prayer for the youth of America
God bless the youth of America

And I can't stand this anymore
All the dead kids lying on your door
and you don't hear a word they're telling ya

You're all dead x2

You've been wasted

Don't believe a thing they're selling ya
Gotta carrot on a stick in front of ya
Taking back from the halocaust
You know we can't even use it now
And it was yours
In the first place anyway

You're all dead x2

You've been wasted

You're all dead x2

Wasted!

Say a prayer for the youth of America... (x4)
