

# Birdman & Lil' Wayne, You Ain't Know

(Chorus 1 - Lil Wayne)

I got a lot of loot and I ain't lookin' for a lady  
And you can never pay me I'm from Uptown baby  
I wake up in the mornin' take a piss and wash my hands  
Take a knee and thank the Man then get back to the money  
You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
To the money

(Verse 1 - Lil Wayne)

Nigga I ain't got a money printer  
So for this paper chase I'm out runnin' sprinters  
Yes the last two Cash Money members  
Shout out to the new Cash Money members  
Baby and Slim still point guard and center  
So much money on my mind it's all I remember  
And I just bought a gun wit' a extender  
And that bitch hold me up like suspenders  
Cut like a blender sharper than a bitch  
They got so many pussy niggaz I can make a list  
Niggaz wonder why I stress that I am the best  
'Cause even bobble heads tell me yes.. haha  
Put it on the hood I'm Hollygrove to death  
I'm already good I'm workin' on my left  
A jungle on my wrist a circus on my neck  
Don't forget the Baby no don't forget the F

(Chorus 2 - Lil Wayne - 2X)

You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
To the money

(Verse 2 - Birdman)

Brush the platinum grab the straps homie make it happen  
Comin' through my neighborhood wit' 4's on the Caddy  
Limo tints out the pound and Uptown crackin'  
Red bandanna duckin' feds and the money stackin'  
Rest in peace to Miss Gladys like e'eryday  
We on the grind for the shine and we gon' get paid  
Spent a mill' on the wheels custom wit' the navi'  
2 of the same whips we doin' it big livin' lavish

(Lil Wayne)

This is a Scott Storch and I'm a hot torch  
And gettin' money is my sport  
And understand the rap game is my court  
So I shall walk and come forth like a Rockport  
Or some sort of... matchin' slippers or yacht shoes  
See I don't cruise control I control the cruise  
Yes... I gets throat on a boat  
And I vow to never fall like soap on a rope and

(Chorus 1 - Lil Wayne)

I got a lot of loot and I ain't lookin' for a lady  
And you can never pay me I'm from Uptown baby  
I wake up in the mornin' take a piss and wash my hands  
Take a knee and thank the Man then get back to the money  
You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
You ain't know I gotta go

Where ya goin'? I gotta get back to the money  
To the money

(Verse 3 - Birdman)

Fresh wit' the hustle so we bounce back on them suckers  
Blowin' big doin' gigs got it ran in hundreds  
They reppin' layin' here we stuntin'  
On the grind all the time homie gettin' money  
3rd Ward soldier 13th gangsta  
17th hustler known top ranker  
Money go getter them clowns can't figure  
Poppin' at the mouth like this cutter won't split 'em  
Know how to survive hustlin' stayin' fly  
My whole hood cried when my lil' brother died  
Know I had to ride never let it slide  
It's just the G in me and I'ma get it til I die daddy

(Chorus 2 - Lil Wayne - 2X)

You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
You ain't know I gotta go  
Where ya goin'? I gotta get back to the money  
To the money

(music to fade)
