

Birdy, Best Shot (piosenka z filmu 'Gwiazd Naszy

When you're on your own and you feel lost
When your heart's a mess though you've given your best

I'll be here giving it my best shot, baby, your love's got more than I need
Here crying from the rooftops
Nothing can stop us if we believe
Here giving it my best shot, baby, I find that we can be free
When you're here, here with me

When your sky is dark and the earth is shaking your bed
Your hope is at its end, you just need one friend

I'll be here giving it my best shot, baby, your love's got all that I need
Here crying from the rooftops
Nothing can stop us if we believe
Here giving it my best shot, baby, I find that we can be free
When you're here, here with me

When you can't find your way and all around you're waters deep and grey
The stars fall from above and you're barely holding on my love

Giving it my best shot, baby, your love's got all that I need
Here crying from the rooftops
Nothing can stop us if we believe
Here giving it my best shot, baby, I find that we can be free
When you're here, here with me
