

Birdy, Shadow

Woke up to the music of your heart
Saying aaa, aaa
Caught up in the wishing that it lasts
Saying aaa, aaa

Only you ever make me scared
Cause only you can take me there

So wherever you go, I'm your shadow
Desert to ice flow, I will follow
Wherever you go, I'm your shadow
I'm your shadow

There beneath your body when it wakes
Saying aaa, aaa
Hiding under every step you take
Saying aaa, aaa

Only you ever make me care
Cause only you ever made me dare

So wherever you go, I'm your shadow
Desert to ice flow, I will follow
Wherever you go, I'm your shadow
I'm your shadow
I'm your shadow

I know, I know, I know
Every way you move
You stay, you go, you change
I am bound to you

So wherever you go, I'm your shadow
Desert to ice flow, I will follow
Wherever you go, I'm your shadow
So wherever you go, I'm your shadow
Desert to ice flow, I will follow
Wherever you go, I'm your shadow
I'm your shadow
