

# Birdy, Young Heart

I have to say goodbye for now  
It doesn't mean that  
I don't love you anymore

I am still a young heart  
There's so much i don't know  
And i am changing

And it's been on my mind some time  
I found a way to never let it show  
But it was too hard

I am just a young heart  
It's time that i let go  
And you are my light  
And i am so lonely  
But i know that i must go
