

Bitch Alert, At The Cinema

Youre sitting next to me,
you dont know what to say to me,
youre afraid that I might
just worship you, tie myself to you

Youre sitting next to me,
youre staring at the screen,
you cannot see me, Im not here
They found the fountain of the endless love

Boy you hurt me, too much

Chorus: Take me on, on your own

Youre sitting next to me,
youre taking my hand,
turning away from me, I cant wait
Cuz every time you choose you choose the same

Youre sitting next to me,
youre so afraid you cannot please me, make me satisfied
They found the fountain of the endless love

Chorus:
Take me on, on your own
