

Bitch Alert, Be Like You

Be Like You

See you there, the pain you bear but nobody around you seems to care
A wounded heart, cast aside and now you go to sleep, it's an early rise

I just want to be like you
Just want to be like you
I just wanna be, I just wanna be
I just want to be like you

Here you are, another day, saving us the race in a human way
Sacrifice the life you lead, gives a man like me a new place to be

I just want to be like you
Just want to be like you
I just wanna be, I just wanna be
I just want to be like you
