

Bitch Alert, Combination X

I - would die for you
I - you know I only lie to you
No - baby don't drink it, it's poison
No, you, what's left for me?

You say
And I swear
I didn't do it
Don't blame me

I - would die for you
I - you know I only lie to you
No - it's poison
No you what's left for me?
