

Bitch Alert, Dope Sick Girl

You said I was pretty so beautiful - it was all fake
When I was dancing in front of you - it was so lame
Everybody stares at you - it just don't feel right
Everybody stares at me - I just can't feel the hype

In fact I was a dope sick girl

You said I was nasty in cute way - it was all lies
When I was dancing on that floor - it was so high
Everybody stares at you - it just don't feel right
Everybody stares at me - I just can't feel the hype

In fact I was a dope sick girl
You are so radiant
