

Bitch Alert, I Love You

If I ask you why, would you please reply? I don't know
If I ask you twice? I never ask it twice, would you please come home?
If I ask you why, would you please reply? I don't care
If I say you this - oh god, now I'm in love

No, don't lie to me Don't come along with me

If I ask you why, would you please reply? I don't care
If I ask you twice? I never ask it twice, would you please come home?
I just want to be beautiful and thin all the time
Rip off my head, oh god, now I'm in love

No, don't lie to me Don't come along with me

Oh god I'm in love
