

Bitch Brigade, Sparklesome

If you want another reason
you and I should be together
I have such a hard time
trying not to think about you all day long.
If you didnt want obsessive,
Im obsessive, clingy to say the least.
But I think you do.
You want me as much as I want you.
If you didnt love me
then things they wouldnt be so sparklesome.
Nothing in our lives would shimmer like they do right now.
If you didnt love me
then things they wouldnt be so sparklesome.
Its always been you and I. Itll always be you and I.
If you want another reason
you and I should be together
when youre asleep I watch you
so fond of you, feel my heart beats fast.
If you didnt want obsessive
Im obsessive, clingy to say the least.
But I think you do.
You want me as much as I want you.
If you didnt love me
then things they wouldnt be so sparklesome.
Nothing in our lives would shimmer like they do right now.
If you didnt love me
then things they wouldnt be so sparklesome.
Its always been you and I. Itll always be you and I.
