

# Bitch So Sweet, The Reasons

I've been dancing all alone  
Into the sun my eyes crawl  
When I see you, I fall...  
Once again I comprehend the reason for this silence...  
Are you the one to throw the first stone  
When you're the one with the closet full of bones...  
And now when you are gone  
I've been dancing all alone  
Trying to hold on  
and waiting for the brand new dawn...  
"All those reasons you gave, lies you said,  
when you were late, and I was waiting for you  
Laying in our bed all alone, hoping you were ok,  
and you would be home soon...  
Now you're dancing all alone, all this because of  
the reasons you gave, lies you said, when you were late,  
and always were untrue..."  
Should I raise my fist and shout my inside out  
Should I beat you blind into the night  
And when you fall, will I be laughing  
When you will be the one crawling for me...
