

Biz Markie, Let Go My Eggo

Ahhh-yew-whayaeuwww
Now it-it-it-it-it sound funky
Yo Doc, I'ma count it on three
One, two, three

Well I'm not a qualuudes or a halucinogen
I'm just comin up with rhymes that I invent
Out of my head, or like on the spot
And uhh, whether you know it or whether you not
?? we did the Mudfoot in your town
I-I'm super-educated, ready to get down
Just check out what the heck I got to say
It's not the same ol', rhythm and rap cliché
Markie the king of a rec, I rock and put you in check
Hypnotizin recognizin plus I get respect
And if you think you can, mess with the magical man
I rock the mic do what I like and plus I got a plan
So don't be missin don't be listenin to the format
Determined like a German like a head is to a hat
That's why I qualify, as the better MC
I never treat people like they were fleas
But if you think that I got a big head though
EHHHH AHAAHHHHH! Let go my emehamahmmm EGGO

{Cool V cuts "I'm the BizMarkie, yo known for beatbox and the rap and.."}
