Ahhh-yew-whayaeuwwww  
Now it-it-it-it-it sound funky  
Yo Doc, I'ma count it on three  
One, two, three

Well I'm not a qualuudes or a halucinogen  
I'm just comin up with rhymes that I invent  
Out of my head, or like on the spot  
And uhh, whether you know it or whether you not  
?? we did the Mudfoot in your town  
I-I'm super-educated, ready to get down  
Just check out what the heck I got to say  
It's not the same ol', rhythm and rap cliché  
Markie the king of a rec, I rock and put you in check  
Hypnotizin recognizin plus I get respect  
And if you think you can, mess with the magical man  
I rock the mic do what I like and plus I got a plan  
So don't be missin don't be listenin to the format  
Determined like a German like a head is to a hat  
That's why I qualify, as the better MC  
I never treat people like they were fleas  
But if you think that I got a big head though  
EHHHH AHAAAAHHHHH! Let go my emehamahmmm EGGO
