

Biz Markie, Romeo And Juliet

Romeo, Romeo, wherefor art thou?
That's what Juliet asked, but I don't know now
Maybe he went to get some roses for you
Yo, I'da I'da I-don't know where he's at Ju-li-et
Don't regret, cause he will be back
to come and get you, and bring you to the crillzab
But, there's an obstacle that's in his way
I think it's the-the-the ? that won't decay
Well, I'm the B-I-Z-M-izza-A-R-K
Let me tell you what I hear most people say
that you two people are a part of life
It explains why Romeo died by the knife
Or was it - the poison on Juliet lips
or vice versa I don't know it make my mind flips
Whichever way it was, it's very educational
So look at the movie and listen cause it's sensational
And if you hear the music you could never go wrong
I want EVERYBODY sing a long, now come on now
