

# Bjork, Cosmogony

Heaven, heaven's bodies  
Whirl around me, make me wonder  
And they say:  
Back then our universe was an empty sea  
Until a silver fox and her cunning mate  
Began to sing  
A song that became the world we know  
Heaven, heaven's bodies  
Whirl around me, make me wonder  
And they say:  
Back then our universe was a coal-black egg  
Until the god inside burst out and from  
Its shattered shell  
He made what became the world we know  
Heaven, heaven's bodies  
Whirl around me, make me wonder  
And they say:  
Back then our universe was an endless land  
Until our ancestors woke up and before  
They went back to sleep  
They carved it up into the world we know  
Heaven, heaven's bodies  
Whirl around me, make me wonder  
And they say:  
Back then our universe wasn't even there  
Until a sudden bang, and then there was light  
Was sound, was matter  
And it all became the world we know  
Heaven, heaven's bodies  
Whirl around me, a dance eternal
