

# Bjork, Headphones

genius to fall asleep to your tape last night  
sounds go through the muscles  
these abstract wordless movements  
they start off cells that haven't been touched  
before

these cells are virgins

my headphones  
they saved my life  
your tape  
it lulled me to sleep

nothing will be the same

i'm fast asleep

i like this resonance  
it elevates me  
i don't recognize myself  
this is very interesting

my headphones  
they saved my life  
your tape  
it lulled me to sleep

i'm fast asleep now

i'm fast asleep

my headphones  
they saved my life  
your tape  
it lulled me to sleep
