

Black Abyss, Chainbreaker

Chainbreaker

Chainbreaker

Let the game begin

Will you lose or will you even win

Chainbreaker

Now your time has come

Its never ending til youre gone

We were born into a world of hate

No need to wonder were all victims of fate

Day by day we have to fight to survive

Dont turn your back to me

Ill take your life

Chainbreaker

Let the game begin

Will you lose or will you even win

Chainbreaker

Now your time has come

Its never ending til youre gone

Running, fighting, nothing more to do

Try to get me before I kill you

Im behind you press your face into the dust

Tomorrows coming just for one of us

Chainbreaker

Let the game begin

Will you lose or will you even win

Chainbreaker

Now your time has come

Its never ending til youre gone

Blood and death is ruling our world

We must pay the the price for whats gone wrong

Forever and for all eternity

We can not escape our destiny

Chainbreaker

Let the game begin

Will you lose or will you even win

Chainbreaker

Now your time has come

Its never ending til youre gone
