

# Black Abyss, I Don't Care

I Don't Care

Years ago you won't remember the time forever gone  
More than friends we just were brothers  
We stood together as one  
All those memories, all our dreams and every tear we shared  
But now you're gone, you turned to leave and no more I don't care  
Can't love you, can't hate you  
Don't know you, no more words to say  
Don't want you, don't need you  
Won't see you, never see you again  
Lose or win, pray or sin  
I don't mind, it's your affairs  
Laught or cry, live or die  
I do not worry, I don't care  
Never I could understand the reason why this bad to be  
Still I see hate in you but it's been leaving me  
No more pain, there no more trust in you I won't believe  
Play your games and go your way but never count on me  
Can't love you, can't hate you  
Don't know you, no more words to say  
Don't want you, don't need you  
Won't see you, never see you again  
Lose or win, pray or sin  
I don't mind, it's your affairs  
Laught or cry, live or die  
I do not worry, I don't care
