

Black, After Life

I came as soon as I could
I didn't know then but I knew that you would
You were born in disguise
I'll only go if I must
I've got an itch can't wish it away
Pick me up like I wear it always
Not the feeling I starved
But I'm making it mean
I won't wait
I'll do what I have to do
To make it right
Why be him
Be anyone but yourself
And I inside
In an after life
Who am I when I look in your face?
Who are you when I look in your eyes?
Only seeing myself
And what I'm making of me
It's there in every face
Who am I, how long have I got
Do you think about me?
Like I think about you
I won't wait
I'll do what I have to do
To make it right
Why be him
Be anyone but yourself
And I inside
In an after life
In an after life
