

Black Bomb A, Who Fucks Who

I raise the fist
I stress my dreams
I scream to feel free
I sing anthems
Raise the people
Rely on you, if you don't lie

Who do you believe you mislead
When you says:freedom, then sold yourself power

Who f**ks who?
When your word is questioned
Who f**ks who?
Your speeches take different turning
Who f**ks who?
When solutions cannot be solved
Who f**ks who?
Everybody, and world collapses

I hate your style
Hostile I am!

Who do you believe you mislead
When you says:freedom, then sold yourself power

You don't fight for the good
You don't fight for the bad
One day you'll pay cause we're going mad
you work hard for yourself

Who f**ks who?
When your word is questioned
Who f**ks who?
Your speeches take different turning
Who f**ks who?
When solutions cannot be solved
Who f**ks who?
Everybody, and world collapses

I hate your style
Hostile I am !

I hate your style
Speech of freedom
Hostile, I am

I'm looking down
I am alone
I shut my mouth,
Speak for myself only

And if you try again
To change my life with words
Remember when you says:
"Freedom", then sold yourself power
And I say: " Who f**k who ?"

Who f**ks who ?
Who f**ks who ?
.....

Who f**ks who?
When your word is questioned
Who f**ks who?

Your speeches take different turning
Who f**ks who?
When solutions cannot be solved
Who f**ks who?
Everybody, and world collapses

I hate your style
Hostile I am !

Freedom, Freedom, Freedom
Speech of freedom
