

Black, Cold Chicken Skin

Shirts all torn and Im lame
If I try to smile (it) hurts my face
All I hear is complaint but who left this mess on my plate?
Oh I will fade away on watch my hair turn grey on cold chicken skin and
dog tail soup
Tell me is that all Im worth to you?
Cold chicken skin and dog tail soup
Is that all that I bring you?
Inside out from cocaine
Got a bird on a rush in your brain
Wild eyed singing your song
Calling out my name like youre pulling it along
Yo yo look on your face
What you got in that bag, hair and nails?
Whats that splashed on the walls?
The top half of a dog
And thats all.....!
