

Black Eyed Peas, Bridging The Gaps

[Will]

Yea

Kimmy Kim Kimmy Kim Kimmy Kim Kimmy Kim

Why don't ya take it to the place where we're fillin' the skylight?

Ahhhh Ah Ah Ahhhh

Where we'll be fillin' in the skylight

Uh huh

Check it out

[Will]

We be the connection to

Everything from calypso to

Hip hop down to bee bop

Now come rock slip slide to mine

B-boy niggaz are gonna push butt

Rock-n-roll brothas are bound to serve it up

Got the leak so put the Peas on turf

So get your waterproof walkman and go surf

John Mcenroe get the kids all wacky

Jamal Anderson look now he's from back in

The day now he runnin' over niggaz for the fightin'

Instead of lookin' over all y'all brothas from the balcony

But we constructin' the bridge

So y'all could come and visit

This goes out to every Pea that exists

How we doin' it?

Yo, it's like this

[Chorus]

We bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

And it goes like

Ahhhh Ah Ah Ahhhh

[Apl De Ap]

We direct, revolutionizing new concepts

Emerging binaries to prove success

Stereotypical they won't get it

We breakin' the barriers, some sonic shit

LA to Kingston to London Bridge

New York to Germany to Brooklyn Bridge

Also my people in the Golden Gate Bridge

Innovators creatin' new rich

Got them skate kids sayin' (let's rock)

Got them brothas sayin' (yo let's get fly)

Got the whole south sayin' (ya feel me?)

Got them chulos sayin' (ya feel me?)

Every type of people be feelin' my section

Cuz we be expandin' to a wider selection

Now this goes out to everything that exists

Yo how we doin' it?

We do it like this

C'mon

[Chorus]

Do do do do do do do

[Taboo]

Legacy must live on
Legacy must live on
Legacy must live on
Make sure that the bridge is strong
Make sure that the gap is wide
Supply the future that we provide
Won't commit and just go inside
Give me room so I can dip and di
Show you how we hypnotize
Angry Foot is gonna tell you why

We built this bridge for the people in the park
We built this bridge for the dummies in the dark
And we built this bridge for the children in the light
We built this bridge for the skeezers with sight
And we built this bridge for my brothas that are blind
We built this bridge for the ones that use their mind
And we built this bridge for everybody
For everybody

[Chorus]
