

# Black Eyed Peas, Communication

An introduction to a rapid ray  
Will explode like grenade  
Check the medical aid  
'Cause the way that we parade the fade  
Any MC that claims that they can be  
Tend the mic when we strike precisely  
We freak the level with the funk from the inner  
Heaven, give me inner, black as I present a  
Flock a rhyme that rock you off an ass  
Powerful, power flows that'll leave your soul paralyzed  
Yo, I respect that you be G-in (...in)  
It's the return of MC-in (...in)  
Yo, thank God for the season (...on)  
And don't be tryin to think about a reason

'Cause there is no reason for you to front  
We create cuts to give you what you want  
Activate communication for the whole  
Shocking your mind with rhymes

Doin it like what AP (Like this here)  
Rockin it like what AP (Like this here)  
Flippin it like what AP (Like this here)  
Doin it like what AP (Like this here, yeah)

We do it upside down [8x]

Can I get a "Ha" from my brothers that be chillin downtown  
&quot;Ho&quot; for the people that be in it what we do  
&quot;Yo&quot; check it out 'cause we black and positive  
I suck in negative from you

I got many rhymes format from the back of the brain  
Interluding with the powerful matter scatter your frame  
You fallin (Yo) check out what we do  
We be all in on the microphone never stallin  
Rhythm is my ride for the voyage of the mind  
Exclusive rhyme patting us for what we design  
I am my own Picasso when I roll  
Rhyming is my art for my heart and soul  
We positive when MC-in (...in)  
Break bounce with the new blend (...end)  
Original 'til the end (...end)  
Sittin it all for no reason

They fell off at the attempt to elevate  
They try to duplicate the art we create  
So activate communication for the world  
Shocking your mind with rhymes

Doin it like what Will (Like this here)  
Rockin it like what Will (Like this here)  
Shockin em like what Will (Like this here)  
Rockin it like what Will (Yo, yo, it's like this here, yeah)

We do it upside down [8x]

We goin worldwide, across the nation  
Now that we've activated our communication  
Wantin demonstration, ask the activator  
Before one more walk-a-meter, funky motivator  
And I be the Will, APL from the Phil  
We contain the hypnotical skill that'll kill  
You dealin with the G-R-E-A-T

Black Eyed Peas guy, hella in a G  
'Cause we holler in an energetic motion  
With the potion I supply  
Applyin to the beat that Alligator you combine  
With me and my crew incredibly and super spectacular  
With the rhyme one two  
One two to the beat (Hop)  
You can't defeat  
BEP's production always complete  
With this sounds activate online  
And I'm on time to motivate your mind  
Well I respect that you be G-in (...in)  
It's the return of MC-in (...in)  
Yo, thank God for the season (...on)  
Sittin there off of no reason
