

# Black Eyed Peas, Do what you want

[Chorus]

Start it up and load it

We about to unfold it

Bring that dynamite baby coz tonight we about to explode it

Get moving, moving, get your body grooving

[Do what you want] [2x]

Here goes another mighty blow that change your soul forever

When the music hits you, you will feel no pain except for pleasure

We put it on you, we from California la la-la-la-la

Los Angeles natives creating things that take you higher

Elevate you past the stars

Infiltrating clubs and bars

End this now and act a fool

If your loss is what to do

Bounce, shake, wiggle and break

Let yourself go, open up the gates

And proceed the stampede

Ya-ya-ya-ya-ya-ya-ya

[Chorus]

Hey yo, its me F-E-R-G-I-E thats Fergie baby

In the place to be with BEP we keep it locked and sturdy

We always rocking never stopping no la-la-la la-la-la la

We keep it constant shocking often from Boston to Austin

Its T-to-the-A, B-double-O

Tab magnetic, rocking this show

Taking over beat when sees frequent

On the radio, its the delinquent

Coz Tab be nimble, Tab be quick

Watch the girls fall in love with Taboos stick

I watch it like that, and I watch it like this

You cant catch it and its something that you cant miss

[Chorus]

Do what you want [4x]

Mayday, no delay, deliver the rhyme

Express rate, next day, get to you on time

Make way for the mash out, when we roll out

My crew, we dont fall out, we just pass out

[Wake up] Time to get moving

Time to get the body live, body live moving

Party powerful flows, the way we rocking them show

The way we spittin the rhymes and break it on down to the floor

Break, bounce, boogie and wiggle it

Do it, now, time to get into it

Break, bounce, do what you feel

Do what you want and let it all out

[Oh, just do what you want today, coz its OK

To leave responsibilities sometimes]

Start it up and load it

We about to unfold it

Bring that dynamite baby coz tonight we about to explode it

Get moving, moving, get your body grooving

[Beat ignorance] [2x]
