

Black Eyed Peas, I wont cha

will I am]

one two three..

like this..... ba ba duh, ba ba, yea yea, ba ba ba baduh

check this out darlin I got something to say, say

we could shovel love like all day, day

instead of all this loneliness that needs to stop, stop

I love ya down and put the hip into ya hop

you make it hard to put my egg inside ya roll, roll

lovin you is like to say she took my soul, soul

I'll break it down and let ya take total control, trol

I'm feelin you darlin, cant you see like total?

and I'm not tryin to rush like I'm russel simmons

cuz baby I cant stand the rain like michael bivens

I'm serious but you be thinking that I'm kiddin

I'm here for you unlike wives for your children

ill embrace them like it was one of my own

plus she raised em all alone, that I condone

but, all, this loneliness need to stop, I love ya down and put that hip into ya hop...

[chorus]

sugah sugah sugah I really want ya

baby baby baby I really need ya

looky looky looky I got ta have, have

if I want it, want it, let me get it, get it

[apl de ap]

hey baby girl I want your loving every day

cuz you be hittin in a special type of way

I guess your aura got me actin for the push

it aint the lust I got the apl on the rush

and when you smile at me you got me goin cra-zay

you got me up on sugar inside my soul

ill be the cup that you could pour in all your love

I wont spill it in a minute that you shove

instead I will withstand the pain

understand you is the main goal to aim

if you really need me just call my name

I'm hear all the time for you babe-ay

bridge:

I'm your love you my woman I'm your man right?

I'm your world you my woman I'm your man right?

no matter the problem we stay damn tight

I'm your love you my woman I'm your man right?

[chorus] (repeating)

[bridge]

[taboo]

and if I could i'd give my girl the world, world

a world without a war could ?unfural?, ?fural?

our love could stand the testament of time, time

till death do us part is that line

I could be with her till my son is 99

the love I feel for her is unbearably unique

being away from her, yo it makes me kinda weak

its like being on the desert with nothin to drink

[george pajon jr. solo]
