Just one desire from a hip-hop fan
Hey Dj (your on the line girl)
Hey Dj (On the request line girl)
Play the record by my favorite band

I like to hear my favorite song on the radio
So I called and requested on the radio
Tell the DJ spin it on the mix show
Make a brother feel like im down at the disco
And we gonna keep it going like crisco
Cuz the DJ grab the record by the fist full
by the crate full, and we greatful
When you hear the stuff of records get a tasteful
(Last night the DJ saved my life)
Cuz of the collection of the records he saved
To the direction of the record we swayed
And all night through the session we stayed

[Hook]

Cuz you know you got the feeling
(All right)
Good god got the feeling
(All right)
Touch the ceiling when I'm feelin
