Love, love

Its a simple little melody

To me

La, lalalalalala, lala

Lalalalala, lala, lalalala

Baby, why cant it be simple?

Four letters dont gotta be stressful

Thought love was the reason we was here for

Turn around and ya given me an earful,

Thats a no-no, gotta go though

I meant that I actually got a so-so

Gotta mean that you gotta act loco

Thats why you callin me up on ya photo

Stop blowin me up on ya phone yo

And yo are stressing when I say yo

I think you still owe me back on the low yo

Ya keep blowin me up, keep blowin me up

God d*mn it, and girl I really miss ya

God d*mn it, and girl I wanna kiss ya

God d*mn, why so many issues?

Ease up baby, ease up baby, cos
