

# Black Flag, Modern Man

\*\* He's too straight and you can wait  
Modern man  
I've only got time for a few, and not you  
Modern man  
I'll push you hard, I can't know you  
Modern man  
'Cause then we'd have to be friends, and that just won't do  
Modern man, Modern man

\* Living tomorrow is everyone's sorrow  
Modern man's daydreams have turned into nightmares

It's for you that I sing to share what I feel  
Modern Man  
The things I need in this world  
Modern Man  
If you don't like it, you can leave me alone  
Modern man, Modern man  
'Cause when I talk to you I want to hang up the phone  
Modern man, Modern man
