

Black, Go Home

Fake diamond rings on every finger
And purple shadows around my eyes
I show Americans Del Norte
The best of Paris's underside
I worked the dirt in Oklahoma and ate my crow and humble pie
Though I walk through the Latin quarter
It's still a dust bowl in my mind
You can't make me go home, home, home
When I don't wanna go
I've lived on peanuts for the season
Bathtub Martinis extra dry
Down in the thirteenth arrondissement
I waste my money on good times
You can't make me go home, home, home
Don't make me go home
(I don't wanna go)
You can't make me go home
La, la, la, la
Don't make me go home
(I don't wanna go)
When I don't wanna go home
Fake diamond rings on every finger
And purple shadows around my eyes
Down in the thirteenth, the fourteenth, the fifteenth arrondissement
I waste my money line by line
You can't make me go home
Don't make me go home,
(I don't wanna go)
You can't make me go home
La, la, la, la, la, la, la, la
Make me go home
(I don't wanna go)
You can't make me go home
When I don't wanna go home
You can't make me go home
When I don't wanna go home
