

Black Heaven, Center Of Light

The day is gone and shadows whisper
Deep inside my heart
I am alone with all my wisdom
Step out into the dark
Im longing for another knowledge
The pain will never end
Im waiting for whole destruction
Of everything that stands

Yes, Im searching for love, for the centre of light
Cause I want to be free, want to be free tonight
Yes, Im searching for love, for the secret inside
For the centre of light

I for my part think that its needless
To hope for a better world
Sometimes I leave behind my memories
And go without a word
The night has come and voices whisper
Deep inside my mind
I am alone with all my insight
And waiting for a sign
