Black, Here It Comes Again

I used to hide, I used to cry a lot, but now I don't It's you, you. When you smile the whole world's sky, when you smile I'm a star in that sky It's you, it's you. And we're barely friends, we're hardly star-crossed lovers, but who cares? It's you, it's you. When you smile the whole world's sky, when you smile I'm a star in that sky. It's you, it's you. It's you. --->> Enrique Morano <<---
