

# Black Kids, Listen To Your Body Tonight

"Listen to your body tonight  
It's gonna treat you right  
Listen to your body tonight  
It's gonna treat you right"

When I first met you,  
You was livin' in your Dae Woo  
You were wearin' chit-chat shoes  
You were illin' on voo doo  
Yeah, you were tryin' to hex me  
All tellin' me I'm sexy  
Yeah, always tryin' to text me  
Or dance next to me  
Sayin'...

"Listen to your body tonight  
It's gonna treat you right  
Don't be scared to fall in love  
Cos you don't like heights  
Listen to your body tonight  
It's gonna treat you right"

So now you're on my bedroom  
All talkin' bout some boom boom  
But you really shouldn't assume  
Cos my man is coming home soon  
He ain't tryin' to have a rival  
You best think of your survival  
Yeah, I ain't tryin' to be liable  
I swear it on the Bible  
I swear it on the Bible

"Listen to your body tonight  
It's gonna treat you right  
Don't be scared to fall in love  
Cos you don't like heights  
Listen to your body tonight  
It's gonna treat you right"

Alright, hello?  
(Hello, this is your body.)  
What do you want, my body?  
(I wanna feel somebody on me.)

Alright, hello?  
(Hello, this is your body.)  
What do you want, my body?  
(I wanna feel somebody on me.)

Alright, hello?  
(Hello, this is your body.)  
What do you want, my body?  
(I wanna feel somebody on me.)

"Listen to your body tonight  
It's gonna treat you right  
Don't be scared to fall in love  
Cos you don't like heights  
Listen to your body tonight  
It's gonna treat you right"
