

Black Kids, Partie Traumatic

Hugs and kisses from the girls and the boys
"We get it automatic..."

This jungle is massive
So please don't be so passive
Be aggressive, impress us
And they will get the message

Yes, your father, he had it
For us it's automatic
Yes, it's magic, dance magic
Oh, it's partie traumatic
Do it!

Oh, this planet is static
It's not our demographic
We are steppin' galactic
And just a bit satanic

Yes, your mother, she hacked it
For us it's automatic
Yes, it's magic, dance magic
Oh, it's partie traumatic
Do it!

Hugs and kisses from the girls and the boys
"We get it automatic"
Live like champs, though we're unemployed
"We get it automatic"
Stay the night and you can have some grits
"We get it automatic"
Sure, you're right, this song is the tits
"We get it automatic"

Alright, alright
"We get it automatic"
Alright, alright
"We get it automatic"
Alright, alright
"We get it automatic"
Alright, alright
"We get it automatic"
