

# Black Lab, Dreaming In Color

Kiss me once, just once  
Do you think it's love or something close?  
Do you recall?  
You say I was sleeping  
But I know what I saw

Chorus  
There were nights I swear we flew  
Dreaming in color  
I was dreaming beside you  
Now the sky has gone to gray  
The colors have bled in this picture we made

Ask me once or twice  
They ring them bells and throwin rice  
You and me  
But it wasn't enough  
Say what more could I be?

Chorus

So sleep all day and watch TV all night  
The pictures play in black and white  
I close my eyes  
I close my eyes 'cause

Chorus

There were nights I swear we flew  
Dreaming in bed  
I was dreaming with you  
Now the sky has gone to gray  
The colors have bled in this picture we made

I was dreaming in color  
repeat  
repeat  
There were nights I swear we flew  
I was dreaming in color  
There were nights I swear we flew  
I was dreaming in color
