

Black Lab, Learn To Crawl

You can laugh
you can feel fine
You can dance with a little twist
Tell your pretty red haired babe to forget that i exist
Can you see yourself in my bed at night?
Would you leave me at the side of the road?
Would you walk right up to me?
Would you talk to me?

Im already asking
Down on my knees
Im already begging
Begging you please

Can you teach me how to fly? (cmon)
See Im scared to die (cmon)
We've only just begun to learn to crawl
Can you teach me how to fight? (cmon)
Will you keep me up all night? (cmon)
Will you be there on the ground if I should fall?
Fall for you

I could feel you like the spider sting
Like a memory in my mouth
I feel like the morning fell
Like the bottoms falling out
I could see whats up there above it all
And you're down in the valley below

I could walk right up to you
I could talk to you

Im already asking
Down on my knees
Im already begging
Begging you please

Chorus
