

# Black Lab, Tell Me Why

I tell you that I love you  
You don't believe a word I say  
I tell you that you're beautiful  
Yeah, you just turn away

How does it feel to be like you?  
How does it feel to break me like you do?  
How does it feel when I'm alone with you?  
Are you out of your head?  
Cuz I'm out of mine

(Tell me why)  
Tell me why some things are perfect  
(Tell me why)  
Tell me why some things are wonderful  
(Tell me why)  
Tell me why some things are out of reach  
Tell me why why why

I want to know the things you think  
I want to be the ghost of you  
I want to sleep  
I want to live inside your dream  
Yeah, and make it all come true

How does it feel to be like you?  
How does it feel to break me like you do?  
How does it feel when I'm alone with you?  
Are you out of your head?  
Cuz I'm out of my mine

(Tell me why)  
Tell me why some things are perfect  
(Tell me why)  
Tell me why some things are wonderful  
(Tell me why)  
Tell me why some things are out of reach  
Tell me why why why

Maybe you think I've gone  
just crazy in my own world  
Or maybe you think I'm lost  
Or in love with the wrong girl  
Maybe it's you

(Tell me why)  
Tell me why some things are perfect  
(Tell me why)  
Tell me why some things are wonderful  
(Tell me why)  
Tell me why some things are out of reach  
Tell me why why why
