

Black Label Society, Dirt On The Grave

Ashes fly ashes burn
The sun is black
Ain't no return
Ashes fly ashes burn
Over and over
Ain't no need to learn

It's all dust on dust
(It's all dust on dust)
It's all you and me
(It's all you and me)
Out done completely out played
Just shovel some more
Dirt on the grave

The choices you make
And the choices that are
When hell is so close
And heaven's so far
Ashes fly ashes burn
Over and over
Ain't no need to learn

It's all dust on dust
(All dust on dust)
It's all you and me
(All you and me)
Out done completely out played
Just shovel some more
Dirt on the grave

It's all dust on dust
(All dust on dust)
It's all you and me
(All you and me)
Out done completely out played
Just shovel some more
Dirt on the grave
