

# Black Label Society, Faith Is Blind

Faith is blind  
Carry it to the end  
Faith is blind  
All I've done and said

Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your Lord of Reality

Faith is blind  
Follow me to the black  
Faith is blind  
Your demise is where your at

Feed them lies  
For that's all that they want to see  
Crawl in your grave  
I'm your Lord of Reality

Faith is blind  
Carry it to the end  
Faith is blind  
All I've done and said
