

Black Label Society, Genocide Junkies

Ohhhhhhhhhhhhhhhhhhhhh!

Loaded

Storming out of control

Fired up

Hell Ridin' We Roll

Drinking

From the well of the damned

Sieze the roads

Assault the land

Respect through fear

Walking tall

beyond unreal

Oh, always up for the ride

Junkies of the genocide

Rising

Always above

Hell-riding

Never enough

The rush of the chrome

To reign supreme

Pistons of torture

Crucifixion of speed

Respect through fear

Walking tall

Beyond the real

Oh, always up for the ride

Junkies of the genocide

Oh, always up for the ride

Junkies of the genocide

Intimidation

Degredation

Livin Large

Desecration

Bury the old game

Worship the insane

Tomorrow will still be here

Immune to fear

The end is never near

Hell Ridin' the gears of life

Intimidation

Degredation

Livin Large

Desecration
