

Black Label Society, Mass Murder Machine

Take a good look
I know what you see
Shrouded in black
and all life's debris

Shot in the back
live through the day
ain't no remorse
you do as they say

ohhhhhhhh,
ohhhhhh,
ohhhhhhhh,
ohhhhhh,
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine

victims for life
Slaves to the end
rooted and sick
How it's always been

ohhhhhhhh,
ohhhhhh,
Built to destroy
one can't deny
the hole that becomes
the hand in the sky

ohhhhhhhh,
ohhhhhh,
ohhhhhhhh,
ohhhhhh,
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine

I wish I was done
Yeah, I wish I was done ohhh
I wish I was done
Yeah, I wish I was done ohhh
I wish I was done
Yeah, I wish I was done ohhh

ohhhhhhhh,
ohhhhhh,
ohhhhhhhh,
ohhhhhh,
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine
Now that i've seen whats come & past
forget all thats pure; it never lasts
inside a mass murder machine
