

# Black Label Society, The Last Goodbye

Take me down this road  
I've been down here  
Once before  
Take me down this road  
Once again, never again  
Forever more  
Take me down this road  
Once more

Take this love  
Take this life  
Take this blood  
It'll never die

Take this love  
Take this life  
Take this blood  
It'll never die

This ain't the last goodbye

Take me down this road  
Just to see the smile  
On your face  
Take me down this road  
All that is and all that was  
Can't be replaced  
Take me down this road  
Once more

Take this love  
Take this life  
Take this blood  
It'll never die

Take this love  
Take this life  
Take this blood  
It'll never die

This ain't the last goodbye

Take this love  
Take this life  
Take this blood  
It'll never die

Take this love  
Take this life  
Take this blood  
It'll never die

This ain't the last goodbye
